ABOUT THE INSTITUTION

Sethu Institute of Technology (SIT) is an ISO 9001-2008 Certified Institution, Affiliated to Anna University and Approved by AICTE, New Delhi. The Institution was established in the year 1995, by the Founder and Chairman Mr.S.Mohamed Jaleel B.Sc., B.L., with a motto of "Knowledge, Service and Progress". The Institution has 132 acres of land near Madurai and it is situated on the Madurai - Tuticorin National Highway. The Institution has good infrastructure facilities and dedicated faculty members. Sethu Institute of Technology offers 8 Under Graduate programmes in Engineering and Technology and 7 Post Graduate programmes. Our Institution has been accredited by National Board of Accreditation(NBA), AICTE, New Delhi, for six UG programmes

ABOUT THE DEPARTMENT

It was established in the year of inception of the institution and it is accredited by the National Board of Accreditation, New Delhi. The Department of ICE occupies a prominent place in the annuals of its academic history. The department has been consistently producing illustrious engineers of caliber who occupy prestigious position in the academic and industrial field. The Department has well equipped laboratories which include PLC, Process Control Equipments, Measurement & Instrumentation System and a Simulation Lab equipped with latest software and other infrastructure with well-qualified and motivated faculty.

SEMINAR OBJECTIVES

Accreditation is a process in which certification of competency, authority, or credibility is presented. NBA is a process of quality assurance, giving credit where it is due for some clearly visible and demonstrable strategies of academic activities and

objectives of the institutions, known to be honestly pursued and efficiently achieved by the resources currently available with a potential for continuous improvement in quality for effective growth..

If the Program is not accredited, it is not possible to sustain the present institutional growth rate and ensure maintenance of credible programmes. So it is necessary to correct existing imbalances in generation of quality technical manpower.

The proposed seminar aims at bringing together various experts and persons from academics to share their experience. The seminar creates interest and exposes the participants to the need and benefits of accreditation

The Seminar aims to discuss the salient aspects of new scheme introduced in May 2011 as compared to the earlier process. It also aims to create awareness on the Program Educational Objectives, Program Outcomes and their assessment. It is necessary to incorporate new concepts in the Teaching-Learning process to achieve the above objectives for successful accreditation since in the new scheme 350 marks out of 1000 have been allotted for curriculum, PEOs, Program Outcomes and Assessments.

TOPIC TO BE COVERED not limited to,

- Quality and Accreditation -An Introduction
- Washington Accord and its details
- Outcome Based Education and its implications
- Discussion on New accreditation system
- Evolving Program Outcomes & Course Outcomes. Adopting New paradigms in Teaching-Learning Process and assessment of Continuous Improvements.
- Strategies for meeting the requirements Discussions and Feedback

RESOURCE PERSONS

Dr. D. K PALIWAL, Member Secretary, NBA, New Delhi

Dr. N. P. GOPALAN, Prof. CSE, NIT Trichy

and other Experts in accreditation from reputed Institutions will deliver the lectures.

ADVISORY COMMITTEE

Mr. S. MOHAMED JALEEL,
Founder & Chairman,
